"Professionnal Networking"

Expand your personal reach!

As part of your job search and professional development, networking is a key element. Learn to leverage your existing contacts for your goals, develop them further, and make personal networking conversations and social media contacts purposeful. Also learn to present yourself to your network in an exciting and attractive way to gain their support.

You will benefit from...

- the knowledge of how to specifically address your network and know possible topics of conversation.
- tips and tricks on how to deal professionally with the topics discussed and from the exchange with and input from the other participants.
- our competent advice and know-how on the current job market.
